

MetroFusor™

Metro™ Sound Diffusor

Benefits:

- Lightweight, sturdy, versatile and affordable
- Cut from high-density expanded polystyrene (EPS)
- Cityscape cut designed to provide visual continuity to your room and improved appearance over other diffusors available
- Effective diffusion at a lower cost than other alternatives

Applications:

- Use in Residential Theaters, Houses of Worship, Recording Studios, Isolation Booths, Rehearsal Rooms, Drum Rooms, or Concert Halls
- The MetroFusor's professional architectural design is perfect for use in rooms where clean, upscale diffusion is needed

Size:

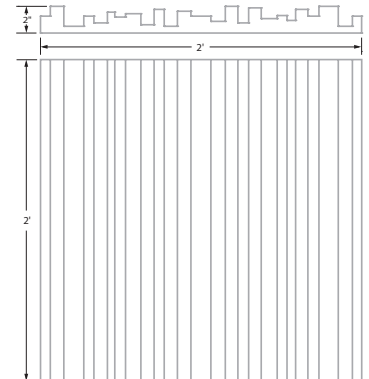

- 2' wide x 2' long x 2" thick

Box Information:

- (12) per box (covers 48 sq. ft.)
- Box size of 24.5" x 24.5" x 24.5"

Installation:

- Adhesives:
(2) Tubetak Pro per box (Do NOT use Foamtak on MetroFusors)
- Other:
Mechanical fasteners (e.g., Velcro®, 2-sided tape, etc.)

Colors:

- White (The product is easily paintable with brush or spray Caution: test paint the back of a panel first to check for degradation, as some paints will eat into the product. Oil-based paints are NOT recommended. Krylon "Make It Stone" works well!)

Accessory Products:

- Tubetak Pro Adhesive
- Studiofoam® Absorbent Panels
- LENRD® Bass Traps

Test Data:

- Available online at www.AuralexELITE.com
